[Store Manager](#) > Catalog Manager

Welcome to Catalog Manager

Catalog Manager is a powerful tool that can help you manage your inventory of products more efficiently. Add and edit items, group similar items into item types, upload items in bulk, and keep track of item quantities – all without altering your site layout or design.
[Learn how to get started!](#)

Manage Your Items

Add new items to your catalog. View, edit, or delete existing items.

Manage Your Tables

Group related items into their own tables. View or edit existing tables.

Publish Your Changes

Finished with your work? Don't forget to publish your changes!

Track Your Inventory

View or update your available item quantities. Use a spreadsheet to update quantities.

Upload Items

Use a spreadsheet to add new items to your catalog or edit your existing items.
